

Casper Airmodelers Association

Minutes of the August 14,2007 Meeting

The membership meeting was called to order at 6:30 p.m. at the modelers facility by Vice President Rorabaugh with 18 members present.

The first order of business was the review of the Treasurers report and the minutes from the July 10 meeting. Both documents were accepted as presented .

Old Business

The membership would like to congratulate and recognize Bob Yeager for the outstanding job he did in organizing and running the CENTRAL WYOMING FLYIN. A big thank you for a job well done!

Jerry Williams is following up with DLH Asphalt Maint. To see if we can possibly get the large cracks sealed before the winter weather sets in.

NEW BUSINESS

A lengthy discussion was held as to the current shape of the frequency board and possible solutions for repair, upgrade or a complete replacement. Some info. was submitted from PSP Mfg. who makes a nice board, although it will still require some sort of a lockable enclosure to prevent vandalism. A motion to vote on replacement or repair at the September mtg. was made by Bob Y. with a second by Fred H. The motion passed unanimously.

Bob P. volunteered to research and report at the September mtg. on possible locations and menu choices for the club Christmas party.

As there was no further business the meeting adjourned at 6:50 p.m.

The fuel raffle was won by Tom R. with 37 tickets being sold.

Due to computer issues and the fact our newsletter editor is in the woods wrestling GRIZZLEY BEARS, the minutes are being posted in lieu of a newsletter.
